# About CURE

- \* Clean up & recycle for environment (CURE) is a non-governmental organization (NGO) established in the year 2014 with a vision to provide wholesome environment to our present as well as future generation.
- \* We aim to bring intergenerational equity between present Industrial growth and ecosystem left for future.
- \* We rely on Sustainable development as an effective tool to bring a balance among all the determining forces for the current global economy.
- \* CURE supported by experts in field of Environment, sustainable development, law, industry and related area.

# Why be Volunteer?

- \* **Learn or develop a new skill**
- \* Be part of your community
- \* **Sense of achievement**
- \* Boost your career options
- \* **Give something back**
- \* New interests and hobbies
- \* **New experiences**
- \* Meeting a diverse range of people
- \* **Send a signal to your future employer**
- \* Impress your friends and family
- \* **Responsible Citizenship**

# Volunteering means....

Volunteering is any activity that involves spending time, unpaid, doing something that aims to benefit the environment or someone (individuals or groups) other than, or in addition to, close relatives. Volunteering provides a way of giving your time and skills to help others and to progress yourself.

# Volunteerism...

- \* We believe in collectivism
